## MoneyGram Stockholders Overwhelmingly Approve Merger with Ant Financial

*Transaction Remains On Track to Close in the Second Half of 2017*

**DALLAS, May 16, 2017** — MoneyGram (NASDAQ: MGI) today announced that its stockholders overwhelmingly voted to approve the company's pending transaction with Ant Financial at the Special Meeting of MoneyGram stockholders that was held today. The preliminary voting results from the Special Meeting indicate 97 percent of the shares voted were in favor of the transaction, representing more than 82 percent of all outstanding shares. The Company will file final voting results with the Securities and Exchange Commission on a Form 8-K once they are certified by the independent inspector of elections.

"We appreciate the strong support from our stockholders in connection with the compelling transaction with Ant Financial," said Alex Holmes, Chief Executive Officer of MoneyGram. "Stockholder approval represents an important milestone on our path to completing the transaction and maximizing value for our stockholders. We are confident our transaction with Ant Financial will create more jobs in the United States, increase competition in our industry, provide new digital solutions and help more customers across the world who depend on innovative and reliable financial connections to friends and family."

The transaction with Ant Financial will enable MoneyGram to accelerate and expand its suite of global hybrid solutions while maintaining strong security and privacy protections for our customers. Upon completion of the transaction, MoneyGram, which will remain headquartered in Dallas and continue to operate under its existing brand, will leverage Ant Financial's global presence and existing network to serve more than 630 million users.

As previously announced on April 16, 2017, MoneyGram and Ant Financial entered into an amended merger agreement under which Ant Financial increased the offer price to acquire all of the outstanding shares of MoneyGram for \$18.00 per share in cash. The transaction is expected to be completed in the second half of 2017 upon the receipt of certain regulatory approvals.
